TURKS WANT TO  
DECLARE WAR ON  
GREAT BRITAINBelieve Declaration Will  
Come If British Interfer  
With The Troop  
MovementRelative Small Force Of Brit-  
ish Troops Is Holding City  
Of Chanak(BY THE ASSOCIATED PRESS)  
LONDON, Sept. 21—While the al-  
lied powers are endeavoring to ar-  
range a peace conference to clean  
the slate between Turkey and Greece  
and prevent more fighting in the Near  
East, rumors of impending hostilities  
continue to come from Constantinople  
and the Dardanelles.A relatively small force of British  
troops is holding Chanak, while the  
Turkish Nationalists are concentrated  
outside the neutral one at Chanak,  
impatiently awaiting the word  
from Mustapha Kemal to advance.The Turks, according to official  
dispatches, have for available use  
1,000 modern field guns, 5,000 ma-  
chine guns and enough ammunition for  
a two-year campaign, which they  
captured from the Greeks.An Associated Press dispatch  
quotes the spokesman, Hamid Bey,  
to the effect that the army will cer-  
tainly declare war on the British if  
they attempt to interfere with a  
movement across the straits.A ray of hope is seen in the con-  
ference at Smyrna between Mustapha  
Kemal and General Pello, French  
high commissioner.If fighting breaks out before rein-  
forcements arrive, the question of the  
safety of the British forces at Chanak  
will become an anxious one here.Opinion for the moment is bank-  
ing on the strength of the British  
force in the Dardanelles, which is  
considered sufficient alone to hold  
any possible attack by the Turks.CAPPER-TINCHER  
BILL NOW A LAWSigned By President Today;  
Prevents Trading In Fu-  
tures on Grain Market(BY THE ASSOCIATED PRESS)  
WASHINGTON, Sept. 21—The  
Capper-Tincher bill, providing for a  
regulation of trading in futures on  
grain markets, was signed today by  
President Harding. The new law be-  
comes effective Nov. 1.Secretary Wallace, head of the de-  
partment of agriculture, is entrusted  
with the enforcement of the new law  
and declared "This law does not in-  
terfere with hedging transactions on  
the boards of trade. Neither does it  
interfere with ordinary speculation  
in the buying or selling of contracts  
for future delivery. If there should  
be evidence of undue manipulation or  
attempts to corner the market by  
members of the exchanges, such con-  
duct will be promptly dealt with as  
required by law. In addition it pro-  
hibits the grain exchanges from dis-  
crimination from co-operative asso-  
ciations of grain producers who may  
desire membership in order to obtain  
use of the facilities of the grain ex-  
changes."COMMUNIQUE IS  
ISSUED TODAY(BY THE ASSOCIATED PRESS)  
CONSTANTINOPLE, Sept. 21—  
General Harrington, of the British  
army, as the general officer in chief  
command of the allied forces, has is-  
sued a communique in which he de-  
clares that responsibility for the con-  
sequences of violations of the neutral  
zone will fall upon the authors of  
such violations.Senate Sustains  
President's Veto(BY THE ASSOCIATED PRESS)  
WASHINGTON, Sept. 21—For a  
third time, the soldiers' bonus legis-  
lation has failed of enactment.  
The senate late yesterday sustained  
President Harding's veto of the  
bonus bill, the vote of 44 to 28 falling  
four short of the two-thirds majority  
that would have been necessary to  
make it a law without the executive's  
signature. The action of the senate  
makes impossible veterans' compen-  
sation legislation at least until the  
next session of congress. It is the  
purpose of some proponents to con-  
tinue the fight, and the bonus may  
become an issue in some of the con-  
gressional and senatorial campaigns  
this fall.DENNEY ARRESTED  
IN SHELBY, MONTANAKnox County Man Located  
By Sheriff B. H. Lytle  
After Long SearchHarry Denney, wanted in Knox  
county on a charge of non-support, is  
under arrest in Shelby, Mont., ac-  
cording to a telegram received by Sheriff  
B. H. Lytle Wednesday night.Deputy Sheriff Oliver M. Walker  
departed Thursday morning for Shel-  
by and will bring Denney back to Mt.  
Vernon. Denney waived the right of  
extradition, so the Knox county of-  
ficer will have no trouble in bringing  
the prisoner through to Ohio.Denney was indicted by a Knox  
county grand jury some time ago and  
was arrested at Spokane, Wash.  
Later, Denney agreed to settle by  
sending \$15 each month to be applied  
toward the support of his minor  
child. Denney, it is alleged, failed to  
carry out his agreement, so the Knox  
county grand jury at the May term  
indicted Denney on a charge of non-  
support.Since that time Sheriff Lytle has  
been endeavoring to locate Denney  
some place in the west. By means of  
message, Sheriff Lytle discovered  
that Denney was located in Shelby,  
Mont. A telegram was sent to the  
police of that city and Wednesday  
night Sheriff Lytle received a mes-  
sage that Denney had been arrested  
and was in jail in Shelby awaiting  
the arrival of an officer from Knox  
county.Close arguments

ernment.Attorney General Daugherty had  
not yet arrived in court when Mr.  
McLaughlin began his arguments,  
and the government's attorney said

draft of the injunction which they  
will ask the court the sign.Judge Wilkerson has indicated his  
readiness to rule on the case at once  
after closing arguments were ended.

ask for a modification of the order.  
The temporary restraining order ex-  
pires at midnight today.GOV. DAVIS IS

rendered aid to the child.FORD PLANTS TO  
REOPEN FRIDAYClose Down Was Less Than  
A Week; Supply Of Coal  
Is Obtained(BY THE ASSOCIATED PRESS)  
DETROIT, Sept. 21—The plants of  
the Ford Motor Company in the De-  
troit district, closed last Saturday  
because of the coal situation thereby  
throwing 100,000 Ford workers out of  
work in different parts of the coun-  
try, will reopen tomorrow morning, it  
was announced today.Orders for reopening the plants  
were telegraphed here today by Ed-  
sel B. Ford, president of the motor  
company, who is in Cincinnati.Mr. Ford said cancellation of the  
interstate commerce commission or-  
der No. 23 had again made it pos-  
sible to obtain coal.Henry Ford was said to be travel-  
ing in Ohio on his railroad, the D. T.  
& I.Edsel Ford, president of the com-  
pany, was in Cincinnati for a confer-  
ence with a group of coal operators.  
Henry Ford was said to be on his way  
to join Edsel somewhere in the  
southern states with a view of mak-  
ing arrangements for a non-interrupted  
coal supply for the Ford company.  
Assembly plants throughout the  
United States that were shut down  
with the parent plant also will re-  
sume as quickly as their men can be  
recalled.It is planned to put production on  
the basis it was at the time of the  
closing.The reopening will bring back to  
work, in addition to the Ford em-  
ployees, approximately 120,000 others  
on the payrolls of accessories com-  
panies and machine shops.ENOS MILLS

naturalist and author, died at Long

SIGNED TODAY  
BY PRESIDENTNew Rate Will Become Effec-  
tive At Midnight  
TonightAn Ohio Man Witnesses The  
Signing Of The New  
Tariff Bill(BY THE ASSOCIATED PRESS)  
WASHINGTON, Sept. 21—Presi-  
dent Harding today signed the tariff  
bill of 1922, making the new rate of  
effective at midnight tonight.The bill was signed at 11 o'clock in  
the president's office in the presence  
of Chairman McCumber of the senate  
finance committee, Chairman Ford  
of the house ways and means com-  
mittee, and a number of house  
members and others.One of those who witnessed the  
signing was Representative Ricketts,  
Ohio, chairman of the house commit-  
tee on enrolled bills, who brought the  
tariff measure to the White House.DIRECTOR PHILLIPS  
HAS HAD BUSY YEARHead Of Service Department  
Will Welcome End Of  
Building SeasonProbably no other man will be more  
satisfied when the present season  
comes to an actual end than will be  
Service Director Charles Phillips. He  
had had upon his shoulders this year  
an unusual amount of construction  
work, all of which now is approaching  
completion.At the start of 1922 Mr. Phillips,  
who previously had been city engi-  
neer, assumed charge by the appoint-  
ment of Mayor Keigley of the service  
department. The year before the city  
council had authorized the paving of  
six streets and subsequently added  
two more.The advent of spring  
brought with it the necessity of car-  
ing for and repairing the unpaved  
streets which continued up to July.  
The latter part of the year has been  
given to the supervision and repair of  
the paved streets. As a result of this  
division of time and labor the city  
streets, as a whole, it is agreed by  
those who have observed their condi-  
tion, are in better order than they  
ever have been before at this season.The street paving program has  
moved forward more slowly than was  
anticipated. The railroad strike  
brought with it difficulties in secur-  
ing the delivery of needed material,  
brick especially. For instance one  
street, South Gay, has been delayed  
with but one square lacking comple-  
tion. The next month is expected to  
see the completion of the paving of  
East Chestnut, Elliott, Pleasant,  
South Gay, North Mulberry, West  
Vine and West Gambler streets.When this work is done Director  
Phillips well may feel a relief for he  
has had to bear the brunt of all the  
complaints of those who have had  
any criticism to offer and they have  
not been few.BRITISH ARE  
NOW IN CONTROL(BY THE ASSOCIATED PRESS)  
CONSTANTINOPLE, Sept. 21—The  
French and Italian detachments and  
flags were withdrawn today from the  
neutral zone of Ismid and the Dardan-  
elles on orders from their govern-  
ments.The lines are now held exclusively  
by British troops.In the meantime the Kemalists  
vanguard is reported to have reached  
the neutral zone of the Dardanelles.  
The next few hours will show whether  
the Turks will take action.Melon Acreage In  
Ohio Is Very Large(BY THE ASSOCIATED PRESS)  
COLUMBUS, Sept. 21—Melon acre-  
age in the state is from 10 to 20 per  
cent greater than last year, and the  
yield five to ten per cent greater, C.  
J. West, state-federal agricultural  
statistician, reports. His report  
shows other truck crops will do ex-  
ceptionally well this year.There will be at least 10 per cent  
more tomatoes this year, he says, and  
the cabbage yield per acre will be 10  
to 15 per cent greater. Present con-  
ditions point to an onion crop of  
about 10 points above last year.Sugar beet prospects are fairly  
good, with indications for about four-  
fifths of a normal full crop, West  
said.GAMBIER MAN HAS  
ESCAPED WAR ZONEProf. Stockdale Who Has  
Been In Constantinople  
Now Enroute To U. S.CAMBIER, Sept. 21—Prof. Carl  
Stockdale, a former resident of this  
place, who has been an instructor in  
Roberts college, Constantinople, for  
the past two years, has been fortun-  
ate in escaping from the war zone.According to word received here by  
Mrs. Stockdale, who returned from  
Constantinople last spring, Mr. Stock-  
dale left Constantinople some time  
ago, going to Smyrna.According to a message received  
this week, Mr. Stockdale is at pres-  
ent in Paris, en route to the United  
States.HOME BUILDING CO.  
PAYS A DIVIDENDAt Dissolution Of Company  
Shareholders Are To Re-  
ceive 7.1 Per CentAnnouncement of a dividend of 7.1  
per cent. is announced to the stock-  
holders of the Mt. Vernon Home  
Building Co., which is about to sur-  
render its charter and cease to con-  
tinue as a body corporate.When the company was formed to  
meet and to ease the housing situa-  
tion in Mt. Vernon it sold its capital  
stock to the amount of \$55,200. After  
disposing of the houses erected in  
the summer and fall of 1920 and meet-  
ing the debts and other obligations of  
the company it is found there remains  
in the hands of the company treas-  
urer a sum amounting to \$3,919.20,  
which is to be distributed to the  
stockholders.Holders of certificates of stock in  
the Home Building Co. are requested  
to present them at the Knox County  
Savings Bank properly endorsed  
whereupon the holder's proportionate  
share of the final distribution will be  
paid to him.This marks the ending of an enter-  
prise which most of those who put  
their means into would like sincerely  
to forget as quickly as possible. In  
1918 and 1919 Mt. Vernon under the  
impulse of war activity and enter-  
prise, in common with many other  
places found herself unable to supply  
and to accommodate those coming to  
her and seeking houses and homes.  
To relieve the local housing shortage  
the Mt. Vernon Home Building Co.  
was formed.At a time when material and labor  
were high in price the company con-  
tracted to erect some 20 or more hous-  
es. These had not yet been complet-  
ed when the reaction that has pro-  
tracted the business world the last  
two years set in. The result was when  
the houses were sold early in 1921 it  
was at a net loss to the company. The  
investment is to be regarded merely  
as unfortunate. Had business condi-  
tions continued as they were in 1918  
and 1919 there is some reason to be-  
lieve the final result would have been  
different. At that time a business de-  
pression seemed remotely probable  
and was anticipated by none in Mt.  
Vernon.WET AND DRY  
FIGHT NOW ON  
IN THIS STATEAnti-Saloon League Deter-  
mined Beer Case Must Go  
To Highest CourtDespite Possibility of Appeal  
Both Wets And Drys Are  
Getting Busy(BY THE ASSOCIATED PRESS)  
COLUMBUS, Sept. 21—Every effort  
will be made by the Anti-Saloon  
League to have Ohio's beer case ap-  
pealed to the United States supreme  
court, according to Supt. James A.  
White of the Ohio League.The Ohio supreme court last Tues-  
day ruled that Secretary of State  
Smith must submit the beer and wine  
amendment at the November elec-  
tion.The Anti-Saloon League was not a  
party to the suit before the Ohio  
court and will not directly be able to  
appeal to the federal court. How-  
ever, Supt. White said today that efforts  
were being made to find some way in  
which to get the case to the highest  
court.Secretary of State Smith and the  
Anti-Saloon League contend that  
should the beer amendment be adopt-  
ed by the voters, it necessarily would  
be nothing more than an expensive  
"straw vote."Despite the possibility of an ap-  
peal to the nation's highest court,  
plans are going ahead by both the  
wets and drys for a lively campaign.LEAGUE INCREASES

the League of Nations decided today

BODIES BUT ONEHoped To Find Last Body In  
The Argonaut Mine  
During Day(BY THE ASSOCIATED PRESS)  
JACKSON, Cal., Sept. 21—One body  
was missing today among those of  
the 47 gold miners who perished from  
gas in the Argonaut shaft.  
By a whim of fate, it was the body  
of William Fessel, the man who  
wrote on the rock with the smoke of  
his lamp a farewell message for all  
the doomed 47. Fessel wrote "Gas  
getting bad, three o'clock."  
It was hoped to find Fessel's body  
today.Bank Cashier Missing  
Along With \$50,000(BY THE ASSOCIATED PRESS)  
CHICAGO, Sept. 21—Discovery of  
a \$50,000 shortage in the funds of the  
Cottage Grove Ave. state bank and  
the disappearance from his home of  
David E. Carlson, 39, former cashier  
of the institution, were revealed fol-  
lowing an audit of the bank's ac-  
counts by H. S. Savage, state bank  
examiner. Carlson's resignation was  
demanded by Bank Examiner Savage  
two months ago, when an audit is  
said to have disclosed several "dan-  
gerous" loans.
